## Nuclear Test Ban Hopes Rise

### Moscow Action Is Awaited On U. S. Proposal

#### Trial Ban Would Also Halt Production Of 'A' Arms Materials

**BULETIN**  
WASHINGTON — President Eisenhower said today he will invite all other nations to make on-the-spot checks of radioactive fallout at any future U. S. atomic weapons tests.

Eisenhower also reiterated that the United States stands by its offer to suspend atomic weapons tests temporarily in an effort to reach agreement on disarmament.

LONDON — Western delegates to the London disarmament talks appeared hopeful today at initial Russian reaction to the U. S. proposal for a trial ban on all atomic and hydrogen weapon tests.

Word from Moscow on top-level Soviet reaction was awaited anxiously.

The conditional American proposal for a 10-month ban on tests was presented to the five-nation U. N. Disarmament subcommittee Tuesday by Harold E. Stassen, U. S. delegate. He laid down these conditions:

(1) That the Soviet Union and the West at the same time agree to stop producing materials for nuclear arms in 1959; (2) that the ban on tests and production should be supervised and controlled; and (3) that the bans should be written into a limited disarmament treaty.

The West previously had insisted that a halt to nuclear arms production must be effective at the same time any ban was made on tests. But under the new proposal the West would be halting tests on a Soviet promise to stop building nuclear weapons in 1959.

## 535 Holiday Traffic Deaths Predicted

CHICAGO — He's between 25 and 44. He's on his way to wherever he is going to spend the long weekend. It's night — tonight, perhaps — and he's driving too fast.

That's a statistical sketch of the man most likely to be counted among the victims of traffic accidents during the Independence Day holiday period.

The National Safety Council, which made the study of statistics, estimated 45 million motor vehicles will be rolling — 13 vehicles for each mile of the nation's street and highway system. NSC also predicted that 535 Americans will lose their lives in traffic during the holiday period that begins at 6 p.m. (local time) tonight and ends at midnight Sunday.

That number would top the record of 491 fatalities set during the four-day celebration of Independence Day in 1950.

The NSC made a study of traffic deaths during the 1956 Labor Day weekend and found: The most likely victims are men between the ages of 25 and 44. The most hazardous period is between 6 p.m. and midnight early in the holiday period while the traveler is en route to his destination.

Speed is involved in 7 out of 10 fatal accidents. Drinking is a factor in almost half the accidents. Eight of each 10 of the accidents occur in a rural area.

### Traffic Safety Drive Mapped

## Most Ohio Communities Plan July 4 Observance

By The Associated Press

Ohio's Fourth of July observance is shaping up to be a traditional one of fireworks displays and family picnics, with the always added modern hazard of increased traffic on the highways.

Each year, according to traffic statistics, holiday highway traffic grows a bit more hectic. State law enforcement agencies are planning

## 28 Election Issues Forecast

### Most Are Levies For Operating Expenses

**EAST LIVERPOOL** — On the basis of propositions already filed and others anticipated, Frank R. O'Hanlon, election board clerk, estimated today Columbiana County subdivisions will vote on at least 28 special questions and issues at the Nov. 5 general election — most of them tax levies for operating expenses.

There will be four proposed amendments to the state constitution in addition to 24 propositions anticipated or actually filed by the county, municipalities, villages, townships and school districts.

The number actually filed with the election board rose to eight today with two propositions from West Township.

West asked a ballot place for a .40-mill levy for general cemetery maintenance that would be in effect five years. It also filed a .50 mill proposition that is a renewal of two expiring levies for fire protection.

Filed previously were renewals of the county child welfare and tuberculosis care levies and propositions from Salem, East Liverpool, Beaver Local and Franklin Local school districts.

Word from other subdivisions indicates at least 16 others intend to submit propositions, the board said. The list that is anticipated includes a renewal of the East Liverpool fire department 1-mill levy and a referendum at Wellsville on legislation enacted

## Three U. S. Sailors Killed In Ship Fire

**MARSEILLE, France** — Three American sailors were killed today in a flash fire that started on a small French harbor craft and spread to the U. S. aircraft carrier Lake Champlain. A French dockhand perished.

The blaze raged around the stern of the 40,130-ton 6th fleet carrier for 45 minutes before it was extinguished. It sent a thick black column of smoke above this Mediterranean port.

The 30-foot harbor boat had pulled up alongside the Lake Champlain to unload automobiles and other equipment needed ashore by the carrier crew. The three American sailors were aboard the boat when the fire broke out.

Within minutes, harbor fire-fighting boats steamed out to the Lake Champlain and pumped heavy streams of water on the landing craft and the carrier.

The four bodies were found on the blacked bottom of the landing craft. Several persons were injured in the blaze.

Identity of the victims was not given. The cause of the fire was not determined.

The Lake Champlain, commanded by Capt. G. B. H. Young, had dropped anchor here this morning for a 12-day visit. She was accompanied by two destroyers.

## City Council Authorizes 2 Police Women

### Will Check Parking Meters; Fire, Police Pay Scale Adjusted

Salem City Council, at a special meeting Tuesday night, passed an ordinance that will establish new beginning salaries in the police and fire departments as well as authorizing the hiring of two police women and a new fireman.

The measure had been introduced in Council June 18. The police women will handle the city's parking meters and will issue traffic tickets as well as collect money from the meters and keep them in repair.

Their salaries will be \$200 a month for the first year, \$225 a month for the second year and \$250 a month for the third year.

Beginning firemen and policemen will receive \$350 a month for the first year, \$375 a month the second year and \$400 a month the third year as the result of the new salary ordinance.

Presently, the wage scale for policemen is \$359 a month for the first six months and \$400 a month thereafter.

Firemen begin at \$2,154 for their first six months and then receive \$2,268 during their second six months. At the end of the first year they get \$4,800 annually.

An original ordinance for the establishment of a wage scale for one new fireman had been introduced at the June 4 meeting. The scale was \$300 a month for the first year, \$325 a month for the second year, \$350 a month for the third year, and \$400 a month for the fourth year.

Councilman Arthur Hanna said at that time he felt the pay scale should cover all new personnel in both departments rather than just for the one new fireman. The amended ordinance which passed last night was the result of safety committee study. Both ordinances had included the same wage scale, however, for the police women.

Council President Curtis Vaughan said no money has been appropriated yet for the police women's salaries, but that the ordinance just authorized the hiring of two women.

City Solicitor James D. Primm Jr., who acted as council clerk last night, explained that once the appropriation is set up, the civil service commission will set up a date for examinations. Following the exam, the commission will make an eligible list from which Safety Director Richard McConnell will appoint two women.

**Street Paving Requested**  
Tuesday night Council also accepted a petition from land owners on Highland Ave. asking Council to have the street paved. Council accepted the petition along with City Engineer F. S. Barckhoff's estimates on the cost. It is \$13,730 per foot frontage.

Council President Vaughan said Council will hold another special meeting July 19 to consider an ordinance to proceed with the paving of the street.

## 3,000 Reported Missing; 100 Villages Razed

### Property Damages Estimated At Over 12 1/2 Million Dollars

**TEHRAN, Iran** — Rescue workers came across the bodies of 400 victims in two earthquake-devastated villages in northern Iran today. The discovery boosted the over-all death toll to 750. More than 3,000 persons were missing.

The rescue workers uncovered the victims in the villages of Tighband and Sangchal. They had not been listed in previous reports.

Property losses were also huge from Tuesday's quakes ranging over a 500-mile arc in northern Iran extending up to the Soviet border.

The quakes spread death and damage over the Elburz Mountain range, along the Caspian Sea's southern edge and up to the Soviet border on both sides of the sea.

Iranian officials estimated the property loss at more than 12 1/2 million dollars.

They put the number of seriously injured at 1,500.

More than 100 villages were described by officials as wiped out and nearly 50 more partially damaged.

Shah Mohammed Reza Pahlavi, who is vacationing in Switzerland with Queen Soraya, ordered large-scale relief operations for the stricken area, estimated to cover 50,000 square miles.

No fresh tremors were reported today but the frightened populace slept in the streets and fields Tuesday night.

Many roads were destroyed as a result of landslides. Telephone and telegraph lines were down between the small towns and villages of the stricken area. Messengers on horses provided the only means of communications.

There was no word of what happened on the Soviet side of the border. The Soviet Union's big Baku oil production center is on the western side of the Caspian.

The string of popular resort villages ringing the base of 18,600-foot Mt. Damavand, 35 miles east of Tehran, apparently felt the brunt of the shocks. Reports said a quake lasting more than two minutes flattened most of these centers.

The village of Navak, near Firuz Kuh, was reported destroyed. The fate of its 310 inhabitants was unknown.

## Jury Indicts Five On Blackmail Charges

**CLEVELAND** — Blackmail "to the sum of approximately \$5,000" was the charge in grand jury indictments returned Tuesday against Alex (Schondor) Birns, 50, white hoodlum, and four Negroes involved in the numbers racket.

The charge resulted from a bombing May 20 at the home of Donald King, 25. King told police the bomb was exploded because he had stopped making a \$200 a week payoff to Birns for services in keeping peace in the numbers racket.

With Birns, the 15-member jury indicted Willie (Buckeye) Jackson, 32; Edward Keeling, 32; Elijah Abercrombie, 39 and Fred Stimon, 34.

Birns, released nine months ago after serving an income tax evasion sentence, reportedly owes \$77,000 in back income taxes. An immigrant, he has been the object of federal deportation efforts for years.

## Campaigns For Active Workers

## Ohio Democratic Chairman Building Election Organization

COLUMBUS, Ohio (AP)—State Democratic Chairman William L. Coleman checked his calendar. "Filing date is only seven months from today," he observed. "We expect to have a balanced

state ticket for the primary election and wage a strong campaign." While most Ohioans are busy with vacations, Coleman is building an organization for the coming election campaigns.

He is counting heavily on the new Ohio State Democratic Club to put the party back in the running next year.

"If we are successful in recruiting 100,000 Democratic Club members who are willing to get out and work, we can win in the election next November by properly presenting the issues," Coleman asserted.

The club is Coleman's major undertaking. The Marysville attorney-farmer who took over as state chairman after the 1956 primary is conducting a "grass roots" membership drive.

Club dues start at \$2 a year. Members also can join for \$5 to \$100 but numbers mean more than dollars to the genial Coleman.

"As desperate as we are for money, the most important thing is active party workers," he explained.

The idea for the club followed the "Dollars for Stevenson" drive conducted nationally during the last presidential election. When that drive was conducted in Ohio last October, Democratic state headquarters in Columbus received numerous calls from people who wanted to know why they were not solicited.

Coleman decided that the sentiment expressed by callers indicated a deep-rooted political feeling among Ohioans who wanted to help the party. Organization of the Ohio State Democratic Club followed.

The state chairman has conducted meetings in each of the state's congressional districts. Members of the State Central Committee, county chairmen and members of the Women's and Young Democratic organizations were called upon for a club membership campaign.

Cards are issued to members and half of the money collected from dues is returned to the local county Democratic organizations for their use.

Card-holding members total around 8,000 and are increasing fast, Coleman reported. Lucas County leads with about 600 members. Franklin and Hamilton counties follow with about 600 each. Van Wert leads the smaller counties with a membership list of some 350 under the active leadership of Wayne Gehres, county chairman.

Knox County, another smaller county long a Republican stronghold, has about 300 members. Paul V. McDonough of Mount Vernon is county chairman. Allen County has some 200 members and Adams County already has 65.

Results are disappointing in populous Cuyahoga County, Coleman concedes. The same is true for Mahoning County, he adds. But Summit County is making a good showing and so are Clark and Greene counties among others, the chairman says.

Coleman expects club activity to pick up as vacation season ends and election time draws near.

Because his state committee inherited an \$8,000 deficit, Coleman is serving without pay. He received \$15,000 a year until party funds ran out. He took the job as the first full-time state chairman since Tom Dye of Urbana in the 20s. Chairmen served on a part-time basis thereafter until Coleman took over.

Coleman said several party members have expressed a desire to run for governor but he declined to name them at this time. He said he expects to field a slate of candidates for state office that will be "well balanced" geographically, economically and otherwise.

Michael V. DiSalle of Toledo, unsuccessful gubernatorial nominee last year, has indicated he would not run for state office again. Mike divides his time between private law practice and his job as chairman of the board of directors of the U.S. Hoffman Corp., New York.

Judge Hugh Culbertson said he would study Swope's record carefully before sentencing. Swope is accused of kidnapping Eva Robinson, 17, of nearby Nova March 1.

WOMAN DIES IN FALL COLUMBUS, Ohio (AP)—The body of 75-year-old Russian immigrant who had been in this country several months was found at the foot of the basement stair in her son's home here. ## Civil Rights Referendum Hit

## GOP Senators Say Proposal Unworkable

WASHINGTON (AP)—Two Republican senators today criticized as unworkable a proposal by Sen. Russell (D-Ga.) for a direct popular vote on civil rights legislation.

Senators nowland of California, the GOP leader, and Javits (R-NY) took the position there is no constitutional machinery to refer to the voters an issue both said Congress should settle itself. nowland expects to move next week, probably Monday, to bring the House-passed civil rights bill before the Senate.

Russell told the Senate Tuesday he will seek to attach to the bill an amendment under which it would not become effective until it had been approved by a majority of American voters. He suggested a referendum during the congressional elections next year.

He expressed confidence that if the people became acquainted with the bill's provisions, they would defeat it "overwhelmingly."

Russell is captain of Southerners expected to filibuster against the bill if Knowland succeeds in bringing it before the Senate.

nowland made it plain he does not believe the Senate would act favorably on the referendum proposal.

Javits said in a separate interview he doesn't believe a referendum is constitutional or in line with the nation's representative form of government. He disputed Russell's contention that a direct, popular vote would go against the bill.

The bill embodies President Eisenhower's recommendations. Its most controversial feature would give the attorney general power to seek federal court injunctions aimed at preventing infringements of civil rights.

Proponents have contended this is directed mainly at protecting voting rights. But Russell told his colleagues that in his view the legislation is aimed at "bayonet" enforcement of the Supreme Court's school integration decision.

He said passage of the measure by Congress "will cause unspeakable confusion, bitterness and bloodshed" in Dixie.

Sen. Dirksen (R-Ill.), a proponent of the measure, said he had never seen "so many ghosts under a single bed" as he said Russell had assembled. Dirksen said he has no fears the bill's passage would result in any upheaval.

## Famous Church, Rectory Burn Down

LITITZ, Pa. (AP)—The famed Moravian Church of this Pennsylvania Dutch stronghold of Lancaster County and the rectory next door burned down Tuesday. The Board of Trustees said the loss, in money value, may run to a million dollars. In intangibles, the board added, the loss is incalculable.

No one was hurt. Cause of the fire has not been determined. The church, a frame building in this picturesque town of nearly 6,000, was built in 1787 and was rich in tradition and folklore. For generations a major place of interest, it drew visitors from afar, especially at Christmas and Easter time when Moravian hospitality was especially impressive.

## RULES DEATH SUICIDE

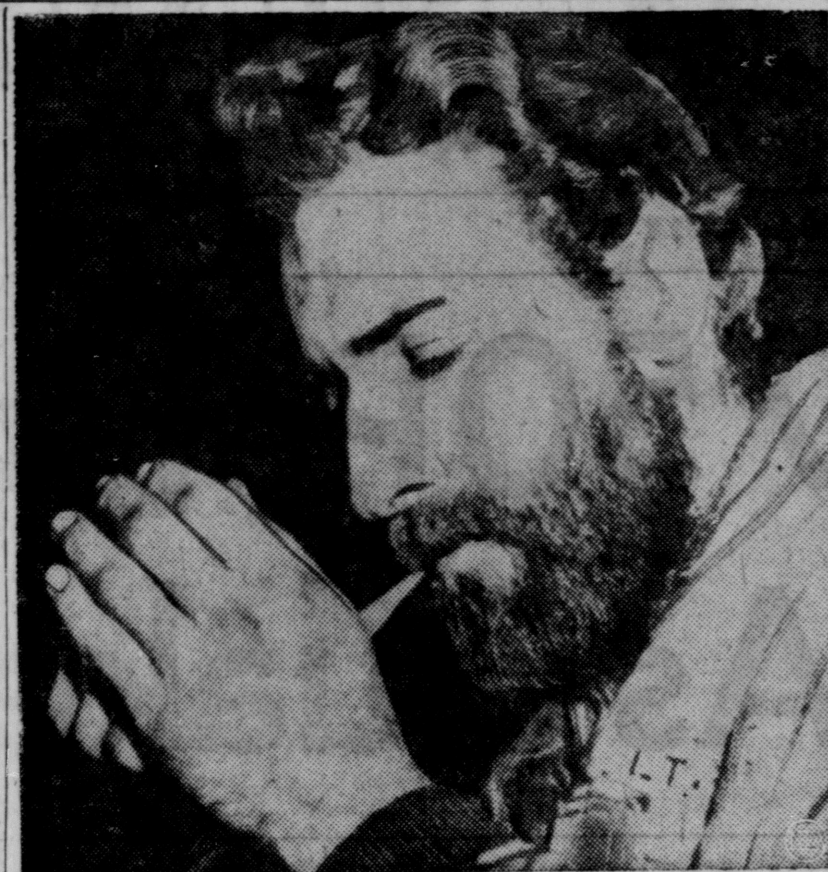

WOODSFIELD, Ohio (AP)—Coroner Paul Turner of Monroe County Tuesday ruled suicide in the death of Thomas Sehrenbach, 34, New Castle, Pa., whose body was found Sunday in a refrigerating unit built into the rear of his auto. Sehrenbach, an unemployed meat salesman, was reported by his relatives to have been despondent and melancholy before his death. Turner said.

RECALLED TO LIFE — Air Force Lt. David Steeves, 23, of Trumbull, Conn., pulls on his first pipeful of tobacco in nearly two months in Cedar Grove, Calif. Lost in the snowy wilderness of the high Sierras for 54 days after he parachuted from his jet trainer which had exploded, Steeves was finally found by campers. A death certificate had been mailed to his wife by the Air Force.

## Funnyman

By HAL BOYLE

NEW YORK (AP)—Jerry Lewis, who makes more per hour being funny than the average man does per year being serious, says any mother can raise her boy to be a comedian.

"He can at least learn to be a taught comedian," said Jerry. "and probably make a good living just standing up and reeling off memorized jokes."

"Show business is full of such imposters."

Lewis, who has just completed his first solo film, "The Delicate Delinquent," believes the public often fails to realize that humor, like love, comes in many varieties. Leaving the field of love to those more expert, Jerry went on to give these views on humor:

"The big difference in the field is between the taught comedian and the natural funnyman. "The taught comedian is imitative, and has no born talent. Often he is extremely witty, but his humor comes second-hand. He generally pokes fun at others, and is often cruel. At the back of his

mind he is always desperately thinking, 'What'll I do next?' He has to, because most of his humor is contrived, or borrowed."

"But a born funnyman's humor is compulsive. He holds himself up to ridicule, realizing it's easier for people to laugh at someone else than it is for them to laugh at themselves. He is also more spontaneous and creative in any situation — less dependent on others for material."

Either through a sense of kindness — or a well-ingrained sense of self-preservation — Jerry declined to name the outstanding "taught comedians" practicing the healing art of yuk merchandising today. But he had no hesitancy in reeling off a few comics, past and present, whom he regards as "naturally funny."

"In the silent films Charlie Chaplin — the greatest ever — and Harry Langdon were outstanding," he said. "So was W.C. Fields. So are Jackie Gleason and Milton Berle. Berle is a past master."

Lewis modestly forbore saying which class he regarded himself as belonging to other than by cheerfully observing in passing, "I am a born idiot."

In 31 years, however, he has parlayed this natural defect (if it is one) as non-Lewis fans claim into one of the highest-rewarded talents for any antics since mankind started paying money to be amused.

Everyone now is familiar with the trials and tribulations of all the mad comedians, behind whose million-dollar bank accounts lurk many a broken heart.

Jerry, who wears his heart as well as his funnybone on his sleeve, has some to tell, too.

For example, the time when, driving through the countryside, he suddenly felt he was undergoing a heart attack (he has suffered mild ticker murmurs since his youth). Frantically he sought out the nearest doctor, beat on his door, and gasped out his fears.

"You know what happened?" asked Jerry. "The Doc turned and called back to his wife, 'mama, come here. Here's Jerry Lewis playing a trick!'"

"I had a terrible time getting him to give me a real examination. Luckily, all I had was indigestion. But what if it had been the real thing?"

## Fruit Growers Set Meeting Tuesday on Packing House Plan

Fruit growers of Columbiana, Mahoning and other nearby counties will meet at Greenford High School Tuesday at 8 p.m. to hear an explanation of the plan for organizing and building a cooperative grading and packing house at Greenford.

The proposal is to build an 80-by-100 foot building with modern equipment to grade and pack apples and other fruit for the growers of the area.

Growers may then sell their own apples or consign them through the Ohio Fruit Marketing Association, a newly formed cooperative association for selling fruit in Ohio.

The packing plant will be built adjacent to the present cooperative cold storage plant in Greenford. The Salem Fruit Growers Cooperative Association, the owner of the present plant, will reorganize and expand by selling more stock to fruit growers to establish the proposed \$50,000 plant.

Joseph Less and George Wilms, local growers, will explain the plan with the assistance of Richard L. Bere, fruit marketing specialist from Ohio State University who has been assisting with the development of the organization plans.

Growers working on the project say that operations will not be started unless a sufficient volume of apples is pledged and enough stock is sold to insure successful operation. Wide support of the project is indicated. A. A. Less of Salem RD 5, president of the Salem Fruit Growers Cooperative Association, will preside at the meeting.

## Guarding Your Health

By DR. EDWIN P. JORDAN

Judging by correspondence addressed to this column, it is astonishing how many people are troubled by adhesions, or think they are.

It certainly is possible for adhesions (particularly in the abdominal cavity) to cause symptoms. However, if a person has vague symptoms it is too easy to feel that they are the result of adhesions.

They appear as slightly elastic fibers under the microscope. This is called fibrous tissue and the body tends to respond to any infection or injury by forming it. This response is not related to the particular nature of the damage, but is merely nature's attempt to heal.

If a patient has acute appendicitis and the appendix has ruptured, spilling the infection into the surrounding tissue, adhesions will often form. Other internal infections may also be followed by the formation of adhesions.

Adhesions may or may not produce complications later on. The fibrous tissue has a tendency to contract. Thus if adhesions have formed around a loop of the intestines, they may draw tighter

if ever, becomes cancerous. But one must always be as certain as one can be that any symptoms which are being blamed on adhesions are really the result of their action rather than the result of some hidden cancer.

By Victor Riesel

Dump those man-made moons into the sea. Let the powder flow from those rockets. They'll do us no good—for almost daily we're being hit by an intercontinental missile against which our government can't defend us.

This legislative thing is a technique worked out by friends of the Soviet Union to stall the Justice Department's efforts to drive pro-Communists from the uranium fields and from the factories where-in we spin the magic wires for weapons of the future.

For years now, the Justice Department's Division of Internal Security, directed by pile-driving Tommy Tompkins, has been trying to get through hearings which could dissolve the notoriously pro-Soviet Mine, Mill and Smelter Workers Union, and the United Electrical Workers Union. But the government has been tied in knots by these two pro-Communist outfits.

THE JUSTICE Department tried

to get hearings rolling before the Subversive Activities Control Board. But it can't even get itself heard. To prove this, I have for you some flashbacks on two typical days of this ulcerous business of trying to defend you all.

The day is June 25. After several years of legal maneuvering, the Justice Department has succeeded in putting on the stand 21 witnesses supplied by the FBI. The 22nd witness is in the midst of testifying when the union's lawyer, one Nat Witt, friend of Alger Hiss, demands that the government produce all the FBI files on all the witnesses for all the years of their undercover work for the government. Witt said:

"It is my intention . . . to keep filing these (demands for FBI files) separately and individually, with respect to each of the petitioner's (government's) witnesses."

Under the Supreme Court decision, Mr. Witt and his client union are entitled to these files—or the Justice Department must drop its case against a pro-Communist union dug deep into our defense system. There will be 28, perhaps 30, witnesses in all.

IF WITT SUCCEEDS, he will be able to browse among thousands of confidential notes from FBI

agents, involving scores of secret operatives, criss-crossing into counter-espionage activity and disclosing techniques devised by the bureau which have little to do with this case.

All this will take months to argue and be decided by the Subversive Activities Control Board chairman.

There is yet another stalling technique. Witt—as he did recently—will demand a mistrial on charges that a government witness has perjured himself. There will be wrangling, counter-motions, adjournments and finally the presiding officer will say, "We'll discuss your motion."

We are now at the opening hour of the June 18 session and the chairman, knowing that all men are born equal, whether they like the creaky capitalist system or not, says:

"Mr. Witt, we are going to take up your motion for a mistrial. Wasn't that the procedure we set for this morning?"

CALMLY, with tolerance for our democratic processes which amused a fellow by name of Nicolai Lenin, Brother Witt replied:

"Yes, we did, but I have something to say about it before we go into the merits of it. At this time I request your permission to withdraw the motion for a mistrial."

"At this time we can't say whether we will refile a motion for a mistrial of a different character or an expanded character or whether we will wait until the end of the petitioner's (the U.S.) case to make a motion to expunge his (a particular witness') testimony."

By that time days had been lost. But this story is incomplete without the details of techniques worked out by a sister union, the United Electrical Workers, which operates in the electronic and atomic bomb parts field.

After years of maneuvering, the Justice Department finally opened its case against the UE in New York's Foley Square Federal Building on May 13.

The government was able to put on exactly one witness—and the leftist missiles burst all over the place. Not the least of the union's motions was the use of the Khushchey technique of charging the other fellow with your own immorality.

YOUR EYES ARE O. K. — You're really seeing threes. These triplet youngsters will be among many appearing at the 12th annual triplet convention at Palisades Amusement Park, N. J., July 6. At bottom, left to right, are five-year-old New Jersey triplets Carol, Bernadette and Lynn Slota. The middle row has nine-year-olds Nancy, Ellen and Lynn Nudelmann, of New York. In the back are Joseph, Douglas and Robert Murtagh, also New York nine-year-olds.

file motions and have attorneys. It will be 1964 before this case could be heard.

By that time the big bomb may make it all academic, anyway.

## Beauty A LA MODE

By MARY FLITCRAFT

YOUR HAIR IS SHOWING

Sun, sand and water can be beneficial in a number of ways, but they can be hazardous in just as many instances. Too much sun has a tendency to dry your tresses. As a result your hair will look dull, drab and unattractive. Avoid overexposure. If you want your crowning glory to look soft and glowing, and what woman doesn't, give it the attention it deserves.

Fashion dictates color for your tresses. You'll want to be stylish by having your hair colored in one of the new shades. Consider short hair for this weather. It's a boon to comfort. Make an appointment at Mary's Beauty Shoppe, 385 S. Union Avenue, Salem. Phone ED 2-4864.

# Post Smacks Grand Slam Homer As Redlegs Beat Cubs 8-6

## Hoak Doubles In Deciding Run Victory Boosts Reds Back Into NL Lead

CHICAGO (AP)—Wally Post may have wondered what it takes to hold down a steady job in the Cincinnati Redlegs outfield, but it could be he's found the answer.

Post, a question mark as a starter in recent days, lifted his second grand slam homer of the season into the left field seats Tuesday, helping the Reds take an 8-6 victory over the Chicago Cubs.

But it took more than the big blast to take the game. The Reds blew the five-run lead Post set up in the second inning and had to go 10 innings before Don Hoak doubled home what proved the deciding run.

The win, coupled with the Milwaukee Braves' 4-2 loss to St. Louis, boosted the Reds back into the National League lead by one-half game.

The Reds got back into the game in the eighth when catcher Ed Bailey belted a game-tying homer.

The Cubs had staged uprisings of three runs in the third and two in the fourth that tied the score, 5-5.

Lee Walls had the best day for Chicago, successively smashing a double, homer, triple and single that accounted for four Cub runs. Ernie Banks contributed a home run with nobody on.

Walls scored the run, when Banks hit into a force play in the seventh inning, that put the Cubs ahead, 6-5.

That scoring play in the seventh inning resulted in Birdie Tebbets and Coach Tom Ferrick being heated out of the game. They protested a close play on Banks at first.

Hoak, a former Cub, doubled in the deciding marker in the 10th after George Crowe had doubled, and Bailey was passed on purpose.

Then Alex Grammas walked to fill the bases and Turk Lown, last Cub hurler, took over. Raul Sanchez forced Bailey, but Lown walked Johnny Temple to force in the final insurance run.

The Reds had begun scoring in the second when starter Don Gross grounded out with the bases loaded, enabling Frankie Robinson to dart home. Then Temple walked, filling the bases and setting up Post's grand-slam situation.

The Reds left for Cincinnati right after the game. The first of two games scheduled with the Milwaukee Braves comes tonight with Hal Jeffcoat facing Lew Burdette on the mound.

## Norris, Wirtz Granted Time To Appeal Case

NEW YORK (AP)—The International Boxing Club was conducting business at the same old stand today and will continue to do so until at least Nov. 1, courtesy of Federal Judge Sylvester J. Ryan.

Judge Ryan Tuesday ordered Jim Norris and Arthur Wirtz, the two top wheels in the IBC, to break up the club, but immediately granted them a four-month stay to enable them to appeal to the Supreme Court.

"Our present thinking is that we will appeal," said Norris.

Judge Ryan said the IBC must file for the review within 60 days or the government could nullify the stay he granted. Norris agreed to have his attorneys ask for the review.

Most of the final judgment comprised findings that Judge Ryan had previously announced when he found the IBC guilty of monopoly.

Stockton, Calif.—Tommy Romulo, 138½, Manila, stopped Teddy Hall, 135½, Seattle, 8.

## Gaspar Ortega Meets Baker In 10-Rounder

MIAMI BEACH, Fla. (AP)—Hard-hitting Larry Baker has much to gain and little to lose tonight when the New York and Indianapolis welterweight meets favorite Gaspar Ortega in a 10-round main event at Miami Beach Auditorium.

Ortega, on the other hand, will be risking a possible winter chance at Carmen Basilio's welterweight title. The Mexican, ranked second in the ring ratings, seemed headed for an autumn fight with the welter champ until Basilio agreed to meet middleweight title-holder Sugar Ray Robinson in September.

Ortega has been established by oddsmakers as a 5-2 favorite over Baker. But Ortega's trainer, Whitey Bimstein, says his man expects "a tough fight."

Baker, 26, knocked out Buddy Jackson in one round and Pat Lowry in eight in his only two 1936 fights. He flattened Ray Perez in one round in his single bout so far this year. His ring career includes 20 victories, 10 losses and three draws.

Ortega has a 40-8 career record. He beat the former champ, Tony DeMarco, two out of three and in his last fight outpointed the high-ranking Cuban contender, Isaac Logart.

The fight will be televised nationally (ABC) beginning at 9 p.m. (EST).

Halifax, N. S. — Gerry Fraser, 152, Bridgewater, N. J., knocked out Jackson Brown, 152, Lowell, Mass., 5.

## McDaniel Wins Fourth Straight

## Retires First 18 Braves To Face Him

ST. LOUIS (AP)—A baseball miracle appeared to be in the making for six tense innings Tuesday night as an 18-year-old boy pitched a perfect game against the powerful Milwaukee Braves.

Von McDaniel, the St. Louis Cardinal's sensational bonus pitcher just six weeks out of high school at Hollis, Okla., retired the first 18 Braves to face him. He weakened in the seventh, but with the help of relief ace Hoyt Wilhelm, won his fourth straight victory, 4-2, and knocked the Braves out of the National League lead.

The Oklahoma lad, younger brother of the Cards' Lindy McDaniel, was quite aware that he had a perfect game going, he said later, but thought it was "unlikely" that he could hold Milwaukee hitless.

"They told me I didn't have as much stuff in the seventh," Von said after talking with Manager Fred Hutchinson and catcher Hal Smith.

"It might be that I haven't learned to pace myself over nine innings."

The \$50,000 bonus boy who has not lost a major league game, had 29,211 fans—the season's largest crowd at Busch Stadium—sitting on the edges of their seats before his potential no-hitter evaporated with Bill Bruton's lead-off single in the seventh.

Herman Wehmeier of the Cardinal pitching staff predicts that McDaniel will continue to baffle National League batters with his low ball offerings.

"It's the natural thing for him to keep the ball low," Wehmeier said. "It happens to be his style."

McDaniel, who shut out the Brooklyn Dodgers on two hits in his first start June 21, has yielded only 14 hits and six runs in 31 2-3 innings.

Manager Hutchinson has called him the "most remarkable young pitcher I have ever seen."

Brother Lindy, who also received a \$50,000 bonus when he signed with the Cards, will try for his ninth victory in Chicago today.

A lot of fans are wondering if the Cardinals might not have a pair of brother pitchers to rival Dizzy and Paul Dean of the 1930s.

## Tri-State Tennis Tourney Continues

CINCINNATI (AP)—Competition tightened Tuesday as the top-ranked continued their advance through the second-match tests of the 58th annual Tri-State Tennis Tournament here.

Bernard Barten of Dallas, top-seeded men's singles aspirant, hurried through his first tournament appearance, trimming Toby Frey of Cincinnati, 6-1, 6-1.

Barry MacKay of Dayton, seeded No. 5, had an uphill fight to beat Charles Devove of Indianapolis, 8-6 and 7-5, coming from behind in the last set.

Linda Nein of Middletown, Ohio, almost pulled an upset before Martha Hernandez of Mexico, top-ranked foreign woman, eliminated her, 6-0, 9-7.

In other women's matches, Carolyn Wyckoff of Middletown, Ohio, easily eliminated Marcia Gracia, Havana, 6-0, 6-0; Bonnie MacKay, Barry's sister, beat Nancy Meiss, Cincinnati, 6-1, 6-4; Judy Hagen of Middletown, Ohio, trimmed Marilyn Montgomery, San Antonio, 6-2, 6-3, and Margarite Bonstrom, Sweden, blanked Betty Fryman, Oxford, Ohio, 6-0, 6-0.

Doubles competition starts today.

Las Vegas, Nev.—Cisco Andrade, 133½, Compton, Calif., outpointed Billy Evans, 131½, Pasadena, 10.

Detroit — Joey Giardello, 195, Philadelphia, stopped Joe Gray, 158, Dearborn, Mich., 6.

## Alston Names Five Braves To Posts On NL All-Stars

CINCINNATI (AP)—Manager Walter Alston of the Brooklyn Dodgers dipped deep into the ranks of the Milwaukee Braves today to complete a 25-man National League squad that will meet American Leaguers in the annual major league All-Star Game at St. Louis July 9.

Alston, as manager of the 1956 league champion Dodgers, will pilot the All-Stars. He picked five Braves, including All-Star veteran pitcher Warren Spahn.

Hank Aaron of the Braves already had been named by Baseball Commissioner Ford Frick as right fielder in place of Wally Post of the Cincinnati Redlegs, who led a fans' vote which Frick said was "unbalanced" by an avalanche of votes from Cincinnati.

Alston's selections, plus the fans' vote for Don Hoak of Cincinnati as the starting third baseman, gave the National League eight "freshmen," as far as All-Star competition is concerned.

But the National League also had the "All Star" of All-Stars in first baseman Stan Musial of the St. Louis Cardinals, named for the 14th time.

## Mossi Seeks Sixth Victory In Opener

CLEVELAND (AP)—In this week before the All-Star Game, Manager Erby Farrell is planning full use—two starts each—for Don Mossi and Early Wynn, Cleveland's contribution to the American League's All-Star pitching staff.

Mossi will go after his sixth victory against two losses today when the Tribe opens a three-game series with the Detroit Tigers. The Tigers have a 5-4 edge in games between the Lake Erie rivals so far.

Duke Maas will start for Detroit, seeking his eighth victory against six losses.

Wynn is in line to pitch in the July Fourth doubleheader and again in the four-game series with the Chicago White Sox at Comiskey Park starting Friday night.

Wynn lasted only 1-3 of an inning Monday night against Kansas City.

Mossi also will pitch one game of the Chicago series.

Idle Tuesday, the Indians were dropped from third to fourth place by Boston's 2-1 victory over Washington. A three-game sweep here by Detroit would drop the Tribe another notch to fifth.

An elbow injury to Bob Lemon will cause him to miss his turn in tomorrow's holiday twin bill. Stan Pitala probably will be given an opportunity for his second major league start. He won 2-1 in Baltimore Saturday.

## Young Girl, 16, In Semifinals At Wimbledon

WIMBLEDON, England (AP)—Christine Truman, 16, six feet tall, shy and fair-haired who enters the semifinals of the semifinals of the women's singles competition at Wimbledon Thursday, already has won a degree of fame.

The London girl is the youngest lass to reach the semi-finals here during the current century—the youngest to get to the penultimate round since Lottie Dod did it in 1887.

Lottie then was 15. She won the title and went on to repeat the following year. Christine meets favored Althea Gibson of New York Thursday.

Christine reached the round of four Tuesday by trouncing Mrs. Betty Pratt, an American living in Jamaica, B.W.I., 9-7, 5-7, 6-4.

Miss Gibson gained her bracket by ousting Sandra Reynolds of South Africa, 6-3, 6-4.

The other semi-final will pit Darlene Hard of Montebello, Calif., against Mrs. Dorothy Head Knode of Forest Hills, N. Y. Miss Hard advanced at the expense of four-time winner Louise Brough of Beverly Hills, Calif., 6-2, 6-2, while Mrs. Knode eliminated Rosa Maria Reyes of Mexico, 6-4, 6-0.

All Briton's eyes are on Miss Truman, for the country has been starving for a British women's singles victory here since 1937.

when homebred Dorothy Round won it.

Miss Truman quit school so she could concentrate on tennis. Does she fear facing the favorite?

"I don't mind playing Althea at all," she said. "I've got everything to win and nothing to lose."

The U.S. has strictly an academic interest in the men's singles semis which were to be decided today.

Ashley Cooper and Neale Fraser, a couple of Australians who are fighting for Ken Rosewall's spot on the Davis Cup team, meet in one match, while top-seeded Lew Hoad, Aussie glamor boy, plays Sweden's Sven Davidson in the other.

Richmond, Calif.—Bob Butcher, 196, San Francisco, stopped Andy Domebo, 184, San Jose, Calif., 8.

## Top U. S. Golf Stars Sought For British Open Tournament

ST. ANDREWS, Scotland (AP)—Pressure is building up to "save" the famed old British Open Tournament—the oldest national championship in golf—by attracting more stars from the U. S.

"And I mean the stars," said N. C. Selway, chairman of the royal and ancient championship committee today, as the tournament proper got under way. "We want at least a half dozen of the top U. S. players every year. They are the lifeblood of the tournament."

He added that the prize money must be increased and the date changed.

There is definite sentiment for upping the ante (top prize now is only \$2,800), but all efforts to move the tournament back to Sep-

tember when it won't conflict with the U. S. summer circuit have failed.

Before World War II, the tournament annually drew all the top Americans. But in the past 10 years an average of only one or two top-line U. S. players have been in the tournament. This year's best is Cary Middlecoff, the golfing dentist from Memphis and runner-up in the U. S. Open.

"I missed three tournaments in the states by entering," he said. "And, frankly, I'm taking a big chance of losing a lot of money. It cost so much to come over that you have to win first money to break even."

"I thought it was worth the risk because this is a great old tournament. But you can see why most Americans don't come."

Middlecoff, who has been bothered by a cold, qualified Tuesday by the narrowest of margins. He went around the old course in 73 for a two-day qualifying total of 148, getting in by just one stroke. Other Americans who qualified were Frank Stranahan of Toledo, Ohio, with a 141; Gene Andrews of Pacific Palisades, Calif., with a 148 and Frank D. Keck, an Air Force lieutenant from Champaign, Ill., with a 149.

MAJOR LEAGUE STARS Pitching Sal Maglie, Dodgers—permitted four hits, walked none for 24th career shutout in 6-0 victory over Giants in first start since injured May 30.

Batting Lee Walls, Cubs—singled, doubled, tripled and homered in 8-6 loss to Redlegs for first hitting cycle by major leaguer since July 11, 1954.

## Sal Ready To Take Pitching Turn Again

NEW YORK (AP)—Ancient Sal (the Barber) Maglie said today that he was ready to take his regular pitching turn for the Brooklyn Dodgers—but out of respect for his 40 summers would Manager Walt Alton be kind enough to give him four days rest between starts?

Plagued by all sorts of miseries from back aches to sore thumbs, Maglie had gone the route only once this season before tossing a one-hitter against his old New York Giant Mates Tuesday night. Brooklyn won 6-0, but it was more than a routine victory. Alton and his brain trust were beginning to worry that perhaps they would have to go it without Maglie. He hadn't been on the mound since May 30.

Last week, he warmed up but told Alton he couldn't pitch because his back was bothering him. "But I didn't feel a twinge in my back when the Giants," said Maglie happily. "Nor, for that matter, did any of the things that have been bothering me act up."

The only thing that annoyed him was that he thought his stuff was not what it should be from the second inning on.

"I was really getting something on the ball for the first two innings," he said. "But after that, I relied mainly on my control, which, fortunately, was good."

## Waner To Spend Five More Days In Hospital

ALPINE, Tex. (AP)—Paul Waner, 53, former hitting star of the Pittsburgh Pirates, said Tuesday he expects to spend five more days in a hospital here recovering from a siege of pneumonia.

Waner, now a batting instructor for the Milwaukee Braves and their farm system, said he felt "just fine," but the doctors had recommended he stay hospitalized until Sunday.

Waner was voted into baseball's Hall of Fame after he quit the majors and became a coach.

## 8 Teams Enter County Softball Tournament

MOUNT VERNON, Ohio (AP)—Charles C. Warrell of Mount Vernon made his second hole-in-one within a month Sunday on the Mount Vernon Country Club golf course. Using his seven iron on the 125-yard par 3 No. 3 hole, Warrell repeated the ace he had on the same hole Saturday, June 1.

## London Gripped By Mass Hangover In Bleary Wake of Mike Todd Party

LONDON (AP) — One of Europe's better mass hangovers gripped hundreds of Londoners today in the bleary wake of American showman Mike Todd's champagne-for-everybody party.

"Wow," shouted Todd at 4 a.m. "I knew I forgot something. I forgot aspirin and headache powders. Every guest should have been furnished with some."

As dawn broke over London, at least 500 guests were still enjoying themselves at Todd's large expense.

Aly Khan and his girl friend, French model Bettina, were riding pink and purple horses on the merry-go-round.

Sir Hartley Showcross, the stern-faced attorney general in the last Labor government, danced the rumba to one of the 16 bands.

Singer Eddie Fisher was mistaken for a waiter as he rushed a trayload of champagne to his table.

U.S. Ambassador John Hay Whitney stepped in a deep mud puddle.

And so it went.

Todd threw the party to celebrate the London premiere of his movie "Around the World in 80 Days." The Duchess of Kent and her daughter Princess Alexandra represented the royal family at the film but didn't stay for the party.

For the all-night binge, Todd bought out the Battersea amusement park — where James McNeill Whistler used to paint things other than his mother — and hauled his guests across the Thames in a fleet of ferries.

"You never know," smirked the

host, "something about the party and the picture might sneak into the papers."

Sneak was hardly the word. "Wild and wonderful and brash and noisy," said the Daily Herald. "London has never seen anything like it."

"Mike Todd pulled his greatest ever stroke of ballyhoo," reported the Daily Mirror, "by turning the center of London into a fantastic Victorian carnival."

"Mad, marvelous, gaudy, super-colossal, stupendous," the Daily Sketch gushed.

The host blew his top almost as many times as the corks blew out of the giant champagne bottles he had flown over from France.

The first explosion occurred when Mrs. Todd — film star Elizabeth Taylor — had to wait for some blue-blooded guests who were late.

"Hell," shouted hubby, "she's having a baby this fall. What would you do if your wife wuz

having a baby? Gangway!" And he rushed Liz to a seat.

Biting a white-gloved hand, the mother-to-be commented: "He worries too much about this baby. I hope it's a girl. I am sure the world is not ready for another Mike Todd yet."

Yards of crimson chiffon trailed from her sun-bronzed shoulders to the floor. Her ruby and diamond earrings and necklace glittered.

"We've got to get back to America Thursday," Liz said. "I've got to see my doctor and find out when the baby's due. At the moment I feel it might happen tonight."

But it didn't.

Todd refused to say how much the party cost him.

"Hell," he snorted, "I'm an artist, not a bookkeeper."

One item was a free raincoat for every guest, British weather being what it is, and it did rain as the mob left the theater.

## Chen Paints Houses Here; Will Return to Formosa

By GORDON ARNDT

After spending the last six years in the United States, Fu-Sheng Chen of Taipei, Formosa, will return to his homeland in September to teach in a theological seminary.

Chen, who is a house painter in Salem at the present time and who spoke to Rotary Club mem-

bers Tuesday, earned the right to come to the United States in 1951 while engaged in medical relief work sponsored by the Menomonee Church in Formosa. The church gave him a scholarship to enable him to enter the theological field.

CHEN SPENT HIS FIRST two years at Goshen College in Goshen, Ind. During the summers he worked in a feed mill in Denver, Colo., and at a steel mill in Goshen.

During the past four years Chen attended Princeton Seminary in Princeton, N.J. Some of his other interesting summer jobs included washing dishes in Syracuse, Ind., doing social work in Detroit and being a student minister in Holyoke, Colo.

At the present time he is doing parttime painting around Salem. Chen came to Salem June 12 to act as an usher at the wedding of Rev. William Spearman, assistant pastor of the First Presbyterian Church, Rev. Spearman and Chen were classmates at Princeton Seminary for three years.

He said he studied English for three years in Formosa before he came to America. "I spent most of my time just translating, that's why I had a hard time learning to converse, especially in American slang, when I first came here," he added.

CHEN WHO CELEBRATED his 30th birthday June 10 says he hopes to teach theology in his home in Taipei, Formosa, when he returns there this fall. At the present time he is residing with Rev. A. Laten Carter, pastor of the First Presbyterian Church.

Chen was guest speaker for the Rotary Club meeting yesterday in the Memorial Building.

Chen, who is single, told the club members of the cultural and historical aspects of present day Formosa. He pointed out that current day problems arise from the "duality of mentalities" or "ways of thinking" that have been brought about by both Chinese and Japanese domination.

HE SAID THAT CHINA dominated the country from the middle 1600s until 1895. Then, he said, the Japanese took over and had control till 1945. As a result, he says, there are two different schools of thought among Formosans; those who think like the Chinese and those like the Japanese. Each, he says, has their own way of doing things. He pointed out a few examples of his own with regard to childhood illnesses and grammatical teachings in school.

He said that most of the thinking leans toward the Japanese way of doing things. He declined to say which of the two is better. He pointed out that Formosa today is independent under Nationalist China.

Plan Square Dances Every Friday Night

## Nuclear Ban

Continued From Page One

welcomed the American proposal. He said he was happy the West had recognized the need for halting tests and that an effort was being made to achieve a solution.

Stassen termed the 10-month ban a sort of trial, to become effective the day after a partial disarmament pact is ratified by the major powers. The United States previously has indicated no U.S. action could be taken before Congress meets in January.

In the first phase of the U.S. plan, tests would be stopped and international squads of inspectors would be stationed at strategic points in the United States, Britain, Russia and the Pacific. Their duty would be to check on any illegal testing.

In the second phase, production of nuclear materials for weapons would be halted and agreed quantities of atomic raw materials would be turned to peaceful uses.

The plan would require detailed negotiations to work out an effective control system.

Within Realm of Possibility

The four Western members of the subcommittee — Britain, the United States, France and Canada — said earlier that Russia's agreement to permit international inspection teams inside the Soviet Union had brought a temporary suspension of tests "within the realm of possibility."

The U. S. proposal for a first-stage agreement also includes controlled cutbacks in the arms and armed forces of the major powers.

British Foreign Secretary Selwyn Lloyd and French Delegate Jules Moch spoke in strong support of the trial ban proposal after Stassen presented it.

## Warn Truckers About Keeping Streets Muddy

Service Director James F. Feiler issued a warning today to truck drivers and construction workers doing excavation work that they may be prosecuted for tracking dirt and mud onto Salem streets.

"Unless drivers and workers clean the mud and dirt from the wheels of their trucks, they will face prosecution and a fine under the city's present ordinance covering such matters," Feiler said.

He stated that his office has been flooded with phone calls from residents who have complained of dirty streets and dust in the air from trucks. Feiler said that his service department is busy with other work and that he can not devote any men to the cleaning of streets dirtied by mud from trucks.

## New York Glamor Girl Dies In Europe

NEUCHÂTEL, Switzerland (AP)—The sudden death of New York glamor girl Joanne Connelley has not halted the legal wrangle stirred up by her pending divorce from Bolivian tin heir Jaime Ortiz-Patino.

The 27-year-old beauty's divorce from her 28-year-old second husband would have become final in two weeks. She died Tuesday at the villa she shared with her mother Mrs. Peggy Watts.

The honey blonde's Swiss attorney Claude Raymond said the attending physician attributed death to a heart attack.

Joanne, termed New York's most beautiful debutante of 1948, had been planning to leave for a vacation in Spain the day she died, Raymond said.

He said negotiations were under way to determine whether a \$67,000 settlement and two valuable pieces of jewelry recently adjudged in her favor would go to her two daughters by a former marriage.

The girls, Sharon, 7, and Brenda, 5, are with their father, businessman-golfer Robert Sweeny, in the United States.

Joanne's body will be returned to the United States Saturday. Funeral arrangements will be made when her father Jack Connelley of Miami and her mother can meet to discuss plans.

Joanne made international headlines as the central figure in two lurid divorces.

Sweeny divorced her in February 1954, charging she had committed adultery with Latin-American playboy Porfirio Rubirosa.

Two months later she married Ortiz-Patino in Paris. Only 49 days after, she ran away from him while they were honeymooning in Rome.

Later Joanne started divorce proceedings against Ortiz-Patino, charging that he brutally mistreated her. Her husband in a countersuit charged she had abandoned him and that she was addicted to sleeping pills in large doses.

## All Available Law Officers To Patrol Roads Over Holiday

COLUMBUS, Ohio (AP)—Law officers, as many of them as can be spared, will be patrolling Ohio's highways over the long Fourth of July weekend in an attempt to keep the state's traffic death toll down to a minimum.

Representatives from the Ohio Highway Patrol, sheriffs' offices and police departments pledged Tuesday to put every available man on traffic duty tomorrow through Sunday to aid Gov. C. William O'Neill in his weekend highway safety campaign.

O'Neill met with the law officers Tuesday. He said heavily patrolled highways, and the new penalty point system will help bring success to campaign.

The system, aimed at ridding the highways of habitual traffic offenders, penalizes drivers for moving violations and authorizes the courts to suspend a license for up to one year if a driver accumulates 12 or more penalty points within two years.

Pointing out that this is the first holiday weekend the system will be in effect, O'Neill said:

"I have asked the state's municipal courts to cooperate fully in enforcing the point law, and I hope the courts will back up the safety drive with strong penalties for violators."

## Parents To Fight French Trial Of GI

MANHASSET, N. Y. (AP)—The parents of an American GI accused by the French of killing an Algerian vowed Tuesday to "fight against any trial in a French court."

The GI, Specialist 3.c. Dewayne McOsker, 21, could be sentenced to the guillotine if convicted by a French court. He was handed over to French authorities Saturday night under the existing status of forces agreement between France and the United States.

McOsker, a cook, is accused of killing the Algerian in a dispute over payment for two cartons of American cigarettes that McOsker sold him.

The GI's mother, Mrs. Lester McOsker, Manhasset, said her son had never been in any trouble before. "I'm worried," she said. "I can't believe a thing like this ever happened."

A family friend said she had been given sedatives and ordered to bed.

Tuesday the McOskers retained two American attorneys. One, James Fletcher, said the fate of his client may not be determined until the U.S. Supreme Court rules in a similar case involving GI William Girard.

In Paris, Army officials indicated they would seek to have jurisdiction in the McOsker case returned to the United States.

French authorities contend the shooting took place while McOsker was off duty, thereby placing the case in French jurisdiction. Under status of forces agreements, jurisdiction of off-duty crimes revert to the foreign country involved.

Army authorities said McOsker has admitted the shooting in Orleans but maintains it was in self-defense.

## Man Freed, Brother Jailed on Forgery Count

LISBON — A directed verdict in favor of Charles Barnes, 18, of Indiana was returned by a Common Pleas Court jury Wednesday morning.

Judge Raymond S. Buzzard directed the jury to return the verdict after evidence showed that Charles had nothing to do with the forging of checks at two Lisbon stores, Bye and Bye Hardware and the Ross Gallo Shoe Shop. He merely accompanied his older brother, Robert E. Barnes, 21, also of Indiana, when Robert cashed the checks, it was brought out.

After the jury's directed verdict for Charles, Robert changed his plea of "not guilty" to "guilty" and asked for immediate sentence.

Judge Buzzard then sentenced him to two concurrent terms of 1 to 20 years at the Ohio State Penitentiary.

Among the jurors were Louise Lora, Pearl Walker, Minnie Carter, Lucille Duke of Salem; and Isabelle Snyder of Columbiana. Helen Allison of Salineville was alternate.
